Issues Raised in the Office Action

Claims 1 to 8 are currently pending in the application. By the first non-final Office Action, claims 1-6 were rejected, and claims 7 and 8 received an objection.

In the Office Action the examiner objected to the specification. Claims 1-5 were rejected under 35 U.S.C. § 102(e) as being anticipated by Atkinson (6029119). Claim 6 was rejected under 35 U.S.C. § 103(a) as being unpatentable over Atkinson in view of Skeie. Claims 7 and 8 were objected to as in improper multiple dependent format.
